## Outlook for 2004

The economy within the Euro area will grow faster in year 2004 than in the previous year. Research institutions estimate that the GDP will grow in the Netherlands by roughly $1 \%$, in Belgium by slightly more than $2 \%$ and in Finland by over $3 \%$. Media advertising traditionally grows more than GDP.

After adjustment for changes in Group structure, SanomaWSOY's net sales are expected to grow by some $3 \%$ in 2004. The comparable operating profit is expected to improve markedly. Also the total operating profit is expected to be on the previous year's level, even though the non-recurring gains on the sales of assets may remain below the level of 2003. In 2003, operating profit included some EUR 43 million of the non-recurring gains on the sales of assets. In addition, net financing costs will be lower than in the previous year. Result before extraordinary items is thus estimated to improve markedly. The effect of the Malmberg acquisition on the Group's result in 2004 will be minor due to the timing of the deal.

## Targets and key events

SanomaWSOY Group continued to consistently and successfully implement its strategic objectives profitability, internationalisation, growth and development - in the review period. In July, internationalisation of educational publishing progressed considerably as WSOY agreed on acquiring Malmberg Investments, an educational publisher operating in the Netherlands and Belgium. The necessary approvals from the competitive authorities have arrived and the deal will be closed during the next few days.

International expansion of press distribution continued also. In July, Rautakirja signed a preliminary agreement on acquiring the majority share in Hiparion Distribution, a Romanian press distributor. Sanoma's new focus in growth is on free sheets, where operations were expanded.

The Group continued to focus on the core businesses as well: Måndag and Milvus Förlags were sold in April, and a minority share in Savon Mediat was sold in July. The Group's strong cash flow and reduced balance sheet will also facilitate growth and international expansion in the future. The Group continues to actively seek investment possibilities, for example in Russia, and in magazine and distribution businesses, among others.

## Net SALES

SanomaWSOY's net sales grew by $2.6 \%$ in January - September, and amounted to EUR 1,765.2 (1,720.2) million. Growth was generated in Sanoma Magazines, Sanoma, SWelcom, and Rautakirja. After adjustment for changes in Group structure, net sales grew by 3.1\%. Advertising sales represented 20\% (20\%) of the Group's total net sales.

## Result

SanomaWSOY's result development was good: Operating profit increased by $13.3 \%$ in January September and amounted to EUR 143.1 (126.2) million. Operating profit was $8.1 \%$ ( $7.3 \%$ ) of net sales. It increased in all divisions. The most substantial non-recurring gains on the sales of assets totalled EUR 8.1 (19.2) million. Operating profit excluding these gains grew by $26.2 \%$.

EBITA (operating profit before amortisation of goodwill, consolidated goodwill and immaterial rights) rose by $5.6 \%$ to EUR 235.5 (222.9) million. Result before extraordinary items improved by $30.8 \%$ to EUR 132.3 (101.2) million and earnings per share to EUR 0.48 (0.41).

The Group's net financial items amounted to EUR -10.7 (-25.0) million. Financial income totalled EUR 19.1 (18.2) million, and was mainly composed of gains on realising the share portfolio, EUR 7.0 million, and of dividends, EUR 6.3 million. Financial expenses, EUR 29.9 (43.3) million, mainly consisted of interest expenses on interest-bearing liabilities, EUR 23.7 (31.7) million. The Group's cash flow from operations was EUR 149.6 (128.2) million and cash flow per share EUR 0.98 (o.86).

## Balance sheet and financial position

The consolidated balance sheet totalled EUR $2,336.5(2,467.2)$ million at the end of September. The Group's financial position remained strong. The equity ratio was $39.5 \%(38.5 \%)$ and, including capital notes, $46.7 \%$ ( $47.3 \%$ ). Shareholders' equity, excluding capital notes, amounted to EUR 856.7 (891.1) million. Interest-bearing liabilities, including capital notes, decreased to EUR 782.6 (915.6) million and net debt to EUR 708.0 (818.4) million.

The Group's share portfolio was realised in the first quarter. Securities and cash amounted to EUR 74.5 (97.2) million at the end of September.

The equity ratio will temporarily decrease by some 3 percentage points due to the acquisition of Malmberg Investment B.V. but will recover fast due to the Group's strong cash flow.

## INVESTMENTS

SanomaWSOY invested moderately in January - September, totalling EUR 58.9 (67.4) million. R\&D expenditure recorded as expenses amounted to EUR 10.8 (5.6) million.

## Operating environment

Media advertising in Finland grew in January - September by 5\% according to TNS Gallup Adex. Newspaper advertising increased by 4\% and job advertising by 7\%. Advertising in magazines grew by 5\% and on television by 9\%. According to advance information, magazine advertising continued to grow in Hungary and Belgium but continued to decline in the Netherlands. According to the Finnish Food Marketing Association, retail trade in Finland was on the previous year's level in January - September.

## IFRS Reporting

SanomaWSOY will start reporting according to IFRS standards in 2005. The new accounting principles will have an impact on the Group's net sales. The most important changes relating to net sales took place at the beginning of 2004 in accordance with Finnish Accounting Standards. The most significant modifications in net sales related to press distribution, which is treated as commission sales according to the new accounting principles, and to harmonising the accounting practice regarding granted discounts and purchased services.

The comparable figures for 2003 have been adjusted according to the changes in accounting principles. According to the unaudited adjustments, SanomaWSOY's net sales decreased as a result of the changes by some EUR 38 million in 2003. Sanoma Magazines' net sales increased by approximately EUR 36 million. The changes relating to the new accounting principles within the Division are significant: net sales from magazine operations increased by some EUR 106 million whereas net sales from magazine distribution decreased by approximately EUR 115 million. Sanoma's net sales decreased by about EUR 18 million due to the changes, and Rautakirja's net sales by some EUR 116 million. The changes did not affect the net sales of WSOY and SWelcom.

The IFRS standards and their interpretations will be further clarified. Their impact on the income statement and balance sheet cannot be fully estimated at this stage. The treatment of the disability
element of the Finnish TEL pension system is still subject to changes. However, the Group's pension expenses in Finland will most likely remain on the current level. As to the other countries where the Group operates, the IFRS impact related to the pension systems will be specified later. At the Group level, this annual expense increase is expected to be minor.

According to the new and amended standards issued in March, goodwill and immaterial rights with indefinite useful lives are no longer amortised according to plan but tested for impairment. Amortisation of goodwill and consolidated goodwill amounted to EUR 81.4 million in 2003. In 2004, the amortisation is estimated to be somewhat over EUR 70 million.

When preparing the local statutory accounts for 2003, it was evaluated whether there is any indication of impairment related to the most important goodwill items. The evaluations did not indicate any need for write-downs. The goodwill related to the acquisition of the magazine operations in 2001 has already been evaluated in accordance with the accounting standards used in the Netherlands. The Dutch standards of impairment testing are mainly in line with the general IFRS principles.

According to a preliminary, unaudited estimate, IFRS reporting will improve the Group's operating profit margin by some 2.5 percentage points. SanomaWSOY will publish its comparative IFRS data for 2004 in April 2005.

SanomaWSOY's Annual General Meeting of 30 March 2004 elected Sirkka Hämäläinen, D.Sc. (Econ.), as a new member of the Board, and Seppo Kievari and Hannu Syrjänen were re-elected. In January - September 2004, Sanoma Magazines' net sales increased to EUR 782.0 (758.0) million. Sanoma Uitgevers' net sales totalled EUR 374.9 (378.9) million. Sanoma Magazines Belgium's net sales grew to EUR 141.6 (136.0) million and Sanoma Magazines Finland's to EUR 127.0 (119.9) million. Net sales at Sanoma Magazines International increased to EUR 99.4 (90.8) million. Net sales at Aldipress increased to EUR 84.5 (79.1) million.

Sanoma Magazines' advertising sales decreased by 3\% in the January - September period. In the Netherlands, the weak development of the advertising market continued to decrease the Dutch-based Sanoma Uitgevers' advertising revenue. Advertising sales grew in the other countries, mainly due to the launch of new titles in both 2003 and 2004, and the new activities in Bulgaria. Advertising sales accounted for some $20 \%$ (21\%) of Sanoma Magazines' total net sales.

The Division's circulation sales grew by some 2\%. Despite strong competition, Sanoma Uitgevers' circulation sales were stable, in part due to recently launched magazines. In Sanoma Magazines Belgium, circulation sales increased slightly due to increased subscriptions. In Sanoma Magazines Finland, the sales increased due to several well performing titles and new launches. Sanoma Magazines International's increase in circulation revenue came mainly from Hungary, Croatia, and Bulgaria. In total, the Division made 13 major magazine launches in January - September.

Sanoma Magazines' operating profit continued to develop well and increased to EUR 57.0 (50.3) million. Lower operational costs, mainly due to the cost-cutting programmes started last year as well as lower amortisation, contributed to the improved result. The Division's EBITA increased to EUR 112.4 (109.5) million. Sanoma Uitgevers and Sanoma Magazines Finland improved their results whereas Sanoma Magazines Belgium and Sanoma Magazines International posted slightly weakened results. Investments in new launches and increased competition in the Czech market impacted the result at Sanoma Magazines International. The result at Aldipress was above the previous year's level, mainly due to new business and cost efficiency.

The divestment of the Swedish Milvus Förlags AB in April has had a positive effect of EUR 2.4 million on Sanoma Magazines Finland's EBIT in 2004.

Sanoma Magazines' net sales in 2004 are expected to grow. EBIT is also expected to increase despite significant investments in magazine launches and growth.

Sanoma's net sales amounted to EUR 319.2 (317.6) million in January - September. The Helsingin Sanomat Business Unit's net sales totalled EUR 183.8 (180.5) million and those of the IS Business Unit to EUR 71.2 (70.2) million. The net sales of Kymen Lehtimedia were slightly down, to EUR 38.8 (39.2) million. The figures for 2003 include Leijonajakelu, which was sold in September 2003. After adjustment for changes in Group structure, the Division's net sales were up by $2.5 \%$.

Advertising sales grew by $4 \%$ in the review period and accounted for $48 \%$ ( $47 \%$ ) of Sanoma's net sales. In the third quarter, the growth was almost 10\%. Advertising sales increased in all business units. Job advertising in Helsingin Sanomat increased by 6\%.

Circulation sales grew by over 1\% and accounted for $44 \%$ (44\%) of the Division's net sales. Helsingin Sanomat increased its circulation sales by some $2 \%$ but circulation decreased slightly from the previous year. Ilta-Sanomat's circulation grew. Its market share in the quality tabloid market was $60.9 \%$ (61.4\%). As for regional papers, circulation remained on the previous year's level.

Sanoma's operating profit increased to EUR 48.7 (39.7) million due to growth in advertising sales, moderate cost development and profit on sales of assets. The release of provision for Nostokonepalvelu Oy, EUR 3.0 million, is included in the operating profit. The figure in 2003 included a EUR 1.0 million share of the result of Rautakirja from January - February. Sanoma's EBITA was EUR 53.6 (44.9) million in January - September. The Helsingin Sanomat Business Unit and Kymen Lehtimedia posted improved results.

In July, Sanoma sold its holding in Savon Mediat Oy to the Ilkka Group. The selling price of the shares was EUR 7.2 million. Sanoma purchased the business operations of Kellokas free sheets as of the beginning of October and announced the establishment of a new Sanoma Free Sheets Business Unit. In 2005, Sanoma will start publishing its own free sheets in the Helsinki metropolitan area and some municipalities of the Uusimaa province.

Sanoma's net sales are expected to grow slightly in 2004. The operating profit from basic business operations is expected to improve more than net sales, due to long-term development measures and increased media sales. The Division's operating profit will fall short of the previous year's figure, as nonrecurring gains on the sales of assets are expected to be smaller than in 2003.

In 2003, the figure included a EUR 1.4 million share of the result of Rautakirja from January - February. The Division's EBITA increased to EUR 14.1 (13.6) million. All businesses improved their results.

The strategically significant acquisition of Malmberg Investments B.V., educational material publisher operating in the Netherlands and Belgium, will be closed in the next few days. Educational publishing will be organised in a new unit, WSOY Educational. The effect of the acquisition on WSOY's net sales and result will be significant in 2005. Due to the timing of the deal, its effect on WSOY's result in 2004 will be minor.

WSOY's net sales in 2004 are expected to be on the previous year's level but, after adjustment for changes in Group structure, net sales will grow slightly. Comparable operating profit is expected to increase from to the previous year.

## SWelcom

SWelcom's net sales continued their excellent growth, reaching EUR 86.1 (75.1) million. Both Nelonen and HTV continued to grow. Nelonen's advertising sales grew by over $17 \%$ in January - September and its share in TV advertising increased to almost 30\%. Nelonen's net sales amounted to EUR 47.4 (40.4) million. The viewing shares, and the commercial viewing share in particular, continued to grow strongly due to investments in programmes. In September, the share of the commercial TV channels for 10- to 44-year-old viewers was $33.8 \%$ (27.8\%). Thanks to the new digital broadcasting stations, Nelonen now reaches $94 \%$ of the population. HTV's growth was driven by successful sales of HTV connections and broadband internet services. Advertising sales totalled $55 \%$ (54\%) of Division's net sales.

SWelcom's development in results continued to be excellent due to increased sales: the operating profit totalled EUR 5.3 (1.0) million in January - September. EBITA was EUR 27.9 (20.8) million. Both HTV and Nelonen improved their results considerably.

In 2004, SWelcom's net sales are expected to grow substantially due to the increase in Nelonen's advertising sales, sales of HTV connections and the popularity of the broadband services. Operating profit is expected to increase considerably, as so far this year.

## RAUTAKIRJA

Kiosk operations, press distribution, bookstores, movie theatre operations and restaurant operations.
Rautakirja operates in the Czech Republic, Estonia, Finland, Latvia, and Lithuania. The division consists of Finland's leading chain of convenience outlets (R-kiosks), the country's principal press distributor (Lehtipiste), Finland's most extensive bookstore chain (Suomalainen Kirjakauppa), and Finland's largest movie theatre chain (Finnkino).

*) Units in Finland

Rautakirja's net sales grew to EUR 474.2 (468.8) million in the review period. Net sales grew in Estonia, Latvia, Lithuania and the Czech Republic but fell slightly in Finland. Finland accounts for $89 \%$ of the net sales.

Kiosk operations generated net sales of EUR 256.2 (260.3) million. Beer price competition in retail business and teleoperators' competition for market shares influenced kiosk operations in Finland. In the summer, sales of ice cream and drinks were lower than expected. Net sales from kiosk operations grew strongly in the Czech Republic. There was also growth in Estonia and Latvia. Net sales from press distribution decreased to EUR 59.5 (64.7) million as the Latvian unit outsourced the logistics for its own kiosk chains. In Estonia and Finland, net sales grew. In Finland, newsstand sales increased by 3.5\%.

Net sales from bookstores grew to EUR 82.3 (77.1) million in January - September. Net sales increased in both Estonia and Finland. In Finland, sales of fiction grew in particular. Growth was also generated by the four new outlets opened in September. Net sales from movie theatre operations amounted to EUR 39.9 (36.9) million. New distribution agreements in the Baltic countiries and the growth in the number of movie theatre visits in Latvia and Lithuania increased net sales. In Finland, the number of visits grew by $12 \%$ in the summer, in particular due to premieres of Finnish films. Net sales from restaurant operations were EUR 44.6 (47.4) million.

Rautakirja's operating profit amounted to EUR 22.9 (22.5) million in January - September. Operating profit was improved by the positive development in Rautakirja's subsidiaries. In bookstores, the new periodisation system for subscription sales decreased the result in January - September. However, it will not affect the annual result. Rautakirja's EBITA reached EUR 29.6 (30.5) million. The result from press the distribution increased, and the result from kiosk operations was on the previous year's level. Other businesses declined slightly. The accounting practice for rights relating to the distribution of visual recordings was revised at the beginning of 2004, and the comparable figures have been adjusted accordingly. The change increased Rautakirja's EBITA for January - September 2003 by EUR 3.7 million. The impact on the EBITA for 2003 was EUR 4.3 million. The change has no impact on the operating profit.

In July, Rautakirja signed a preliminary agreement on acquiring a $51 \%$ share in Hiparion Distribution SRL, a Romanian press distributor. The deal will become effective by the end of 2004.

2004 will be a challenging year for trade, and growth in retail business will be smaller than in previous years. Rautakirja's comparable net sales are expected to improve faster than the growth in retail business. Operating profit is expected to improve.
